

REMARKS/ARGUMENTS

As filed, the application includes claims 1-50. This preliminary amendment neither adds, amends, nor cancels any claims. This preliminary amendment adds a new paragraph to the specification. The new paragraph contains only a copyright notice and does not include any new matter. In addition, this preliminary amendment amends paragraphs 0003, 0006, 0044 and 0051 of the specification, as well as the Abstract of the Disclosure. The amendments to paragraphs 0044 and 0051 merely correct typographical errors. The amendments to paragraphs 0006 and the Abstract delete a reference to the Americans with Disabilities Act ("ADA"), and the amendments to paragraph 0003 merely change a characterization of the ADA. It is submitted that the amendments do not add new matter to the application.

CONCLUSION

In view of the foregoing, the Applicants believe all claims now pending in this application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested.
